

POLICY RELATING TO PUPIL SERVICES

DISTRICTING OF SCHOOLS AND PROGRAMS

The Wachusett Regional School District shall economically utilize school facilities and staff in such a manner as to provide the best possible educational opportunity for the students of the community. In the districting of students to schools/classes, the educational program and its advancement shall be of prime importance.

The Administration shall consider, but not be bound by, operating costs, student dislocation, public opinion, and staff recommendations.

The Administration shall district each town and assign students to schools/classes as permitted by the Regional Agreement.
